

ENVIRO PATROL®

Cleaning for a Safer Environment

Neutral Cleaner

PRODUCT DESCRIPTION

Neutral Cleaner is formulated with environmentally preferred technology for use with auto scrubbers and is an ideal product to use on polished floors to eliminate the soil and protect the shine. It quickly removes soils without dulling, damaging, etching or harming floor finishes. It is an effective cleaner for most surfaces where a neutral range pH is desirable. Neutral Cleaner is recognized by the **U.S. Environmental Protection Agency Design for the Environment (DfE) Formulator Initiative.**

FEATURES & RELATED BENEFITS

Green Seal Certified - Environmentally preferred
Concentrated - Economical to use
Non toxic to humans and aquatic life - Safe for the environment

AREAS OF USE

Neutral Cleaner is a safe and effective cleaner that is ideal for use in hospitals, schools, kitchens, restrooms, shower rooms, hotels, offices, fitness centers and most every kind of facility where a neutral range pH product is desirable.

DIRECTIONS FOR USE

This product is formulated to work effectively with cold water. Cold water is recommended to help save energy used to heat water.

1. Dispense or mix this product according to dilution chart.
2. Apply solution to surface to be cleaned.
3. Allow this product time to penetrate and disperse the soil and contaminant.
4. Scrubbing with a sponge, cloth, pad or brush may speed up the cleaning action.
5. Once soils are loosened simply wipe or wash away with a cloth or water. No rinsing is necessary.

DILUTION CHART

DILUTE..... 1:128*

SPECIFICATION DATA

Available Sizes - 4/1G, 1.25G, 2L
Physical State - Liquid
Color - Clear, yellow
Odor - Low
pH - 4.5 - 5.5
VOC's < 1%
Foam - Ultra low
Freeze/Thaw Stability - Excellent
Solubility in Water - Complete
2 Liter RTU Yield Low-Flow: 804 Quarts
2 Liter RTU Yield High-Flow: 201 Gallons

All products displaying the EPA DfE logo have been Formulated in Partnership with EPA Design for the Environment Formulator Initiative.
