

Laundry Care

LIQUID LAUNDRY DETERGENT

Specially designed for all washer types; domestic, institutional and commercial. A special blend of surfactants give outstanding performance in soil removal - particularly oily or greasy soils. An independent testing laboratory compared this detergent to the leading delicate fabric detergent and rated its soil removal as better in every classification of fabric and soil. This detergent emulsifies soils rather than by alkalinity as do most other institutional products of this type. This makes it extremely user and fabric friendly.

Features	-	Related Benefits
Free rinsing	-	No irritating residue
Emulsifies oily greasy soils	-	Will not harm fabrics
Controlled suds	-	Machine friendly
Concentrated liquid	-	Economical
Excellent wetting ability	-	Efficient cleaning
