

# Metal Polish

## Stainless Steel

**RESTORES & PROTECTS!**

**OIL BASE CLEANER & POLISH SURFACE MAINTAINER**

Use this product to clean, polish and protect the surface of stainless steel and other metals. The mild fragrance disappears after polishing. It removes oily residues, leaves no build-ups and will not powder or cake in crevices. This product returns the sheen to polished, metal surfaces without the use of abrasives, silicones or acids. The unique solvent system easily removes label adhesives.

| <b>Features</b>                     | - | <b>Related Benefits</b>          |
|-------------------------------------|---|----------------------------------|
| Non-acid, no silicone, no abrasives | - | Surface friendly                 |
| Will not powder                     | - | Will not cake in crevices        |
