

Air Freshener

HEAVY DUTY

**CHEMICAL
DEODORANT**

**CHEMICALLY REACTS
TO ELIMINATE ODORS**

★
**PC
418**
★

This chemical deodorant is highly concentrated and water-based. It was developed to control odors in portable toilets. Unlike similar products, this formula does not contain formaldehyde or other olfactory desensitizing agents. It does not merely cover the odors, but reacts chemically to eliminate odors of bacterial origin. This is a heavy-duty deodorant with a long-lasting penetrating fragrance. It is intended for use at the source of odors – wherever a powerful odor fighter is required. The use of this product also reduces the effort required for cleaning recovery tanks. It is user and surface friendly and can be discharged into any sanitary sewer without harm to pipes.

Features	-	Related Benefits
Concentrated	-	Economical to use
Institutional strength	-	Counteracts the most objectionable odors
Malodor counteractant	-	Neutralizes and eliminates odors
No formaldehyde	-	Safe for sanitary sewers or aircraft toilets
Long lasting	-	Actives do not dissipate
Water soluble	-	Safe to use
Pleasant fragrance	-	Freshens the area

Areas of Use -

Eliminates odors

- Portable toilets
- Campers, boats, buses, aircrafts
- Drains, waste bins
- Toilets, sinks and showers
- Flush tanks, drip dispensers

To Use -

One ounce of deodorant per gallon of water is suggested. It may however, be diluted up to 1:300, according to the intensity of fragrance desired. **See label for complete directions and use only as directed.**
