**CITRUS-POWERED
HAND CLEANSER**
with **PUMICE**

Natural citrus solvents replace harsh petroleum solvents for maximum cleaning power without drying or irritation to skin. This thick industrial strength hand cleaner can be used with or without water to cut grease, oil and grime. It contains pumice to improve the removal of heavy, embedded or tenacious water insoluble soils. The thick viscosity clings to hands to penetrate and emulsify soils. Formulated with lanolin for mildness, this product is ideal for repeated use. It may also be used by sportsmen and fishermen to remove odors from hands.

Features	-	Related Benefits
Waterless or rinse with water	-	Ideal for maintenance shops
Contains lanolin	-	Mild to skin
Aggressive cleaner	-	Ideal for heavy, greasy soils
Mild solvent system	-	Does not dry or chap skin
Fresh citrus fragrance	-	Leaves hands fresh and clean, removes malodors
Thick, free flowing, pumice cleaner	-	Grit attacks embedded soils

Areas of Use -

- Press rooms, manufacturing plants
- Auto repair shops
- Oil fields, petroleum plants
- Campgrounds, fish cleaning areas
- Any facility with a maintenance shop

To Use -

Ready to use. This hand cleaner may be used with or without water. Apply a few drops into the hands and rub thoroughly to penetrate and emulsify soils. Then wipe or rinse clean. **See label for complete directions and use only as directed.**
