

Floor Finish

This value positioned floor finish may be the most versatile and easy to use ever formulated. The special formula is renowned for slip resistance, durability, ease of use, repairability, and high gloss. Built as a tough scuff resistant high solids floor finish, it resists wear between maintenance procedures. This product is ideal for almost anywhere and requires no special application techniques. The finish dries to a brilliant gloss without buffing. Damp mopping and buffing as a part of a regular maintenance program keeps this finish looking like glass.

Features	Related Benefits
High solids	- Use fewer coats; durable
Excellent gloss	- Provides wet-look finish
Easy to apply	- No special equipment needed
Outstanding slip resistance	- Reduces liability potential
Use with any speed buffer or burnisher	- Excellent for any maintenance program
Removes with finish dissolving strippers	- Easy to remove

Areas of Use -

Any areas which use electric burnishers or occasional propane maintenance.

- Restaurants, hotels, motels, offices
- Hospitals, nursing homes, doctors offices
- Schools, universities, child care centers
- Grocery stores, malls, retail stores

To Use -

Apply in thin even coats, using a mop or finish applicator. Allow each coat to dry prior to applying additional coats. **For applications, see label for complete directions and use only as directed.**

Specification Data

Available Sizes - 4/1G, 5G, 55G	Physical State - Liquid
Color - White emulsion	Fragrance - Acrylic
Total solids - 18%	Metal Interlocked - Yes
Initial Gloss - Excellent	Traffic Area - High
Slip Resistance - Exceeds ASTM 2047	Burnisher Response - Excellent
Specific Gravity - 1.00	pH - 8.0
