FLOOR FINISH

METAL-INTERLOCKED

Designed to protect, preserve and enhance flooring this floor finish is ideal for almost any environment and budget. As a result of innovative technology this terpolymer finish is slip resistant, has no unpleasant odor, easy to apply and requires low maintenance. It forms a polyethylene fortified continuous film, with an internally plasticized low pH polymer. To keep the high gloss finish looking like glass, simply damp mop and buff as a part of regular maintenance.

FEATURES	-	RELATED BENEFITS
High gloss, wet-look finish	-	Clean facility appearance
Easy to apply, repair, and re-coat	-	Saves time and labor
High slip resistance	-	Reduces liability potential
High quality value priced	-	Fits your budget and performance needs
Use with any speed buffer or burnisher	-	Excellent for any maintenance program
Removed by conventional strippers	-	Easy to remove

AREAS OF USE -

Use on resilient tile floors, concrete, terrazzo, etc.

- Restaurants, hotels, motels, offices
- Hospitals, nursing homes, doctor's offices
- Smaller schools, universities, child care centers
- Smaller grocery stores, malls, retail stores
- Any area maintained by electric burnishers
