Pretty Potty®

DISINFECTANT BOWL CLEANER

This product is a disinfectant bathroom bowl cleaner, designed for industrial, institutional, and hospital use. The 20.3% hydrochloric acid content effectively removes stains, scale, and hard water deposits, especially in areas with extreme water conditions. Its unique mint fragrance is more pleasant than most high acid products. The product changes color from amber to blue when diluted to let you know that it is working.

This disinfectant toilet bowl cleaner is especially formulated to kill many germs commonly found in hospital, industrial and institutional environments. It contains a high level of acid together with an acid compatible detergent system which facilitates the easy removal of resistant stains and permits disinfectant action. When used as directed, this product cleans, disinfects, and deodorizes in one step.

The broad spectrum efficacy of this product in toilet bowls and urinals has been evaluated in the presence of 5% serum and found to be effective against the following organisms by the AOAC Use-Dilution test: Staphylococcus aureus, Shigella dysenteriae, Salmonella cholerasuis, Escherichia coli, Pseudomonas aeruginosa, Serratia marcescens, Salmonella Typhi, Streptococcus faecalis, HIV-1 (AIDS Virus).

FEATURES	-	RELATED BENEFITS
Ready to use	-	Convenient
20.32% hydrochloric cleaner	-	Strong enough for heavy soils, yet gentle enough for everyday use
Hospital use disinfectant	-	Proven germ killing power
Deodorizer, fresh mint fragrance	-	Leaves rooms smelling fresh and clean

AREAS OF USE -

- Toilets, sinks, and urinals
- Hotels, motels
- Hospitals, patient rooms, nursing homes, health care facilities, clinics
- Schools, offices, child care centers
- Restaurants, retail, transportation, and public facilities
- Contract cleaners

TO USE -

Add 3 fluid ounces directly to 3/4 gallon water in toilet bowl or urinal. Use bowl mop to cover all surfaces. Allow disinfectant solution to remain at least 10 minutes. Flush. **See label for complete directions and use only as directed.**

SPECIFICATION DATA

Available Sizes - 12/1Q, 4/1G	Physical State - Liquid
Color - Clear Amber	Fragrance - Mint
Disinfectant Actives - 0.75% quat	Clinging Action - N/A
Acid Content - 20.32% hydrochloric	Biodegradable - Yes
Specific Gravity - 1.10	pH - <1.0
