

DISINFECTANT

Combat disease causing bacteria, germs, fungi and other microorganisms with this foaming disinfectant cleaner. It is suitable to use on hard surfaces not harmed by water alone. The dense, clinging foam works to scrub away soils and stains. This product fights to eliminate and prevent the growth of mildew in restrooms and in other areas that are prone to this problem. When used as directed, this product is effective against mold and mildew, Staphylococcus aureus, Salmonella enterica, Pseudomonas aeruginosa, Trichophyton mentagrophytes (Athlete's Foot Fungus) and HIV-1 (associated with AIDS).

FEATURES

- Easy to use aerosol
- Dense, clinging foaming action
- Cleaner, disinfectant, quat based
- Non acid, non flammable
- Fresh deodorizing scent
- No CFC's (Chlorinate Fluoro Carbons)

RELATED BENEFITS
