

Laundry Care

LOW *Suds*

LAUNDRY DETERGENT

Economy and performance are combined in this low phosphorus, powdered laundry detergent. It contains fabric brighteners, works well in all water temperatures. This detergent is designed for use in commercial and institutional equipment but can also be used in residential type machines. It performs well in moderately hard to soft water conditions and moderate soils. It may be used in conjunction with laundry additives in very hard water and heavy soil conditions.
