## MID SOLIDS FINISH PISO ACABADO CON SÓLIDOS MEDIO

MSF MID SOLIDS FINISH has been specifically formulated for high initial gloss and "wet look" response to burnishing. Due to MSF's outstanding durability to high traffic conditions, it is the recommended finish for retail stores (to include supermarkets, department stores, shopping malls), airports and schools.

MSF is easily maintained with less effort due to its ability to repel heel marks and soil. Its tough film does not allow dirt penetration, yet will respond to daily burnishing for that "wet-look" appearance.

Recommended for use on vinyl asbestos, vinyl, reinforced vinyl, asphalt and other types of resilient floors as well as non-resilient terrazzo floors.

<b>Features</b>	<b>- Related Benefits</b>
Excellent gloss	- Provides wet-look finish
Average solids	- Easy to apply
Excellent slip resistance	- Reduces liability potential
Polymer formula	- Durable and chemical resistant
Use with any speed buffer or burnisher	- Excellent for any maintenance program
Removes with finish dissolving strippers	- Easy to remove

### **Areas of Use -**

Use on resilient tile floors, concrete, terrazzo, and other floor surfaces in:

- Restaurants, hotels, motels, offices
- Hospitals, nursing homes, doctors offices
- Schools, universities, child care centers
- Grocery stores, malls, retail stores

### **To Use -**

Completely strip off all old floor finish. Apply finish in thin to medium coats. It is recommended that a minimum of 4 to 5 coats of MSF be applied after floor has been stripped. **For applications, see label for complete directions and use only as directed.**

### **Specification Data**

Available Sizes - 4/1G, 5G	Physical State - Liquid
Color - Milky white	Fragrance - Acrylic
Total solids - 15%	Metal Interlocked - Yes
Initial Gloss - Excellent	Traffic Area - Normal
Slip Resistance - Excellent	Burnisher Response - Excellent
pH - 8.3-8.9	DOT - Not regulated
VOCs - <1%	

Rev. 0109 1TS9925A55
